FOR IMMEDIATE RELEASE:

DNV Certifies DelStar Technologies, Inc. – Richland, PA Plant to ISO 9001:2000

RICHLAND, PA (June 2, 2006) – DelStar Technologies, Inc. is pleased to announce the ISO 9001:2000 certification of their Richland, Pennsylvania facility.

According to Det Norske Veritas Certification, Inc., DelStar Technologies meets the new ISO 9001:2000 certification requirements. By achieving ISO 9001:2000 certification, DelStar Technologies demonstrates its commitment to quality for the design, manufacturing, and distribution of their Coretec™ extruded rods, pipes, and tubes.

With this achievement, DelStar Technologies has joined the ranks of its worldwide customer base, many of whom also maintain ISO certification. Reaching the high standard of ISO 9001:2000 certification will provide a tremendous benefit to both DelStar Technologies and its customers' operations. DelStar Technologies' commitment to continuous quality improvement is now a documented, controlled and measured standard that will undoubtedly support the company's rapid growth across their diverse customer base.

In accepting the registration certificate, Mark Abrahams, President and CEO of DelStar Technologies stated, "By receiving our fourth and final domestic ISO 9001:2000 certification, we have completed our initial company goal, and we will now begin our international registration process with our facility in Suzhou, China. This nationwide achievement is a milestone for DelStar, proving that our U.S. production operations uphold the highest standards in the manufacturing industry."

DelStar Technologies is a custom manufacturer of plastic and metal components used in filtration, automotive, healthcare, industrial, food, electronics, and textile markets. Their products include a wide variety of plastic nets, nonwovens, tubes, and cores, plus specialized plastic and metal machined parts. The DelStar Technologies' brands include **Naltex®** extruded netting, **Delnet®** apertured films, **DelPore®** meltblown nonwovens, **Stratex®** laminate composites and **Coretec™** extruded cores, tubes and machined parts.

DelStar Technologies, Inc., headquartered in Middletown, DE, has manufacturing operations at that location, as well as in Austin, TX, Richland, PA, El Cajon, CA, and Suzhou, China. DelStar Technologies also has international sales offices in Bristol, England and Shanghai, China. For more information, visit DelStar Technologies on the internet at www.delstarinc.com.

DelStar Technologies, Inc. is a portfolio company of American Capital Strategies, Ltd., (NASDAQ: ACAS.)
